Dear Valued Customer,

January 1, 2026

The wire products produced by Mid South Wire Company are produced from steel that is supplied to us from scrap processing steel mills. The recycled material content of the steel is approximately 95%. Approximately 80% is defined as Post-Consumer recycled content. The remaining 15% is defined as Post-Industrial recycled content.

If you have any further questions or require additional information, please let me know.

Sincerely,

David S. Roos
Director of Quality
Mid-South Wire Company
